

4 June, 2020

To whom it may concern:

The purpose of this letter is to confirm the recent partnership dated 8 June, 2020, by and between EBSCO Publishing, Inc., whose principal place of business is at 10 Estes Street, Ipswich, Massachusetts, 01938-0682, USA (“EP”) and Shahid Sadoughi University of Medical Sciences, whose principal place of business is at Bahonar Square, 89169-78477 Yazd, Iran (“Licensor”).

The partnership includes a license agreement that allows EBSCO to include the journal in its international full text research databases. As we are in the process of creating several new database collections, we have not yet included the journal on a full text database. We have every intention to do so in the coming months. At this time, the intent is to include the *Elderly Health Journal* on CINAHL databases.

For the time being, our short-term plan is to index the journal in the EBSCO Discovery Service™ so that the journal can receive some visibility there while we wait to finalize new full text databases.
